FOREWORD

The Federation of Tax Administrators is dedicated to improving the standards and techniques of tax administration. It is a member agency representing the tax and revenue agencies of each state, the District of Columbia and New York City.

This directory is intended to foster the free exchange of information and communication among members of the Federation of Tax Administrators Motor Fuel Tax Section. It is also designed to facilitate communication between members of the Federation, the International Fuel Tax Agreement (IFTA), the Regional Fuel Tax Agreement (RFTA), other government officials and all segments of the motor fuel industry by providing a consolidated reference and identification of the key state and federal tax administrators as well as key industry representatives.

The assistance of tax administrators from each jurisdiction and industry representatives in updating the information for this edition is greatly appreciated.

For a pdf version of this publication, select the Motor Fuel button on the FTA home page at <<http://www@taxadmin.org>>
